

Sheltons' 2008 Newsletter and Itinerary

Dear Friends,

We trust the Christmas season was a blessed time for you and your family and that the year ahead will be the most Christ-honoring you have ever experienced.

2007 got off to a slow start because of a serious voice problem. After 56 years of preaching, my vocal chords finally collapsed. The Lord used a Christian specialist in Augusta, Georgia, to correct the problem, and now I am back to full speed.

Please pray for the Lord's blessing on every conference next year. The church schedule is as full as it should be, plus we have our weekly radio ministry with its growing outreach. The broadcast is now released about 160 times every week and is heard around the world.

During the early part of this year I couldn't pick up my Bible and preach, so I picked up my pen and wrote. This new book is entitled **Prophecy in Context**. It will be released by the Bob Jones University Press in the early spring. If you are interested, you can reach the press through their web site, www.bjup.com or phone 1-800-845-5731. I believe April would be a good month to make contact.

Nan and I praise the Lord for His continued blessing on our family, and His gracious anointing on our ministry. We covet your prayers for the year ahead.

In His victory,

Bob and Nan Shelton
1 Corinthians 15:58
